

# The College of Education HONOR ROLL OF DONORS

The UGA College of Education proudly recognizes and thanks the many alumni, friends and organizations who contribute their support to the college and its strategic initiatives. Donors to the college are making an investment in our students as the future educators of our children, leaders of our schools and top professionals in a wide array of other education- and health-related fields. These gifts serve to support the talented faculty and quality programs that characterize the college's commitment to excellence and accountability. Please see more information on how you can make a gift to the College of Education inside this magazine. The Honor Roll of Donors recognizes gifts made to the College of Education through the University of Georgia Foundation from July 1, 2001 through June 30, 2002.
