SCHOLARSHIP ENDOWMENTS

The UGA College of Education was pleased to make more than \$116,000 in scholarships and academic funds available to our students this past year. Recipients must meet all criteria to receive funds. The endowments that provide these scholarships are funded entirely by private donations. Many thanks to our alumni, retired faculty, foundations and corporations that make this student support possible.

For more information on contributing to an existing endowment or creating one in someone's honor, visit:
