

## Artifact Cover Sheet

<b>Artifact Number:</b>	8
<b>Artifact Type:</b>	Class Materials-Task Sheet
<b>Course (if applicable):</b>	ESCI 4450/4460

**Applicable CTL categories:**

	<b>Problem-based Learning</b>
	<b>Project-based Learning</b>
	<b>Inquiry-based Learning</b>
	<b>Work-based Learning</b>
	<b>Service Learning</b>
	<b>Collaborative or Cooperative Learning</b>
<b>X</b>	<b>Authentic Assessment</b>

**Professor(s) of record:** Dr. Steve Oliver

### **Description and Justification of CTL:**

This examination is an example of authentic assessment. It tests students on teaching, but it exemplifies contextualized learning in that it asks the student to put themselves in certain situations and then apply the techniques and skills learned in course to that situation. It is in the application of those skills that makes this test authentic and contextualized.
