

**Early Community Experiences  
Supervisor Interview**

During your early community experience, observe a supervisor in a teacher-related role, then interview this professional at the end of your service. In your own words, ask the five questions below. You may ask additional questions as time and interest permit. Take notes if you choose, but do not submit them. Use the information from the interview to complete Question #10 on the Reflection Form.

1. What motivated you to work in your career field (or work with children and youth)?
2. What qualities are your greatest assets in your role working with children and youth?
3. How do you feel you have made a difference in students' lives?
4. What are the reasons for successes you have experienced in your career?
5. What advice would you give to someone (like me) who is just starting out?
