

# R & E Experiment Evaluation Form

_____	/3	Sufficient Rationale for Solution (Based on Analytical Research)
_____	/2	Technical Design of Solution (Technical Drawing & Parts/Material List)
_____	/2	Craftsmanship and Construction Specifications of Testing Device
_____	/2	Functional Test of Experiment
_____	/1	Post Test Analysis
_____	/2	Re-Testing of Experiment
_____	/3	Accurate Documentation and Application of Engineering Design Notebook
_____	/15	<b>Total</b>
