Program Costs

As noted on the Money Matters section of the Graduate School website (<http://www.uga.edu/gradschool/financial/>):

EXPENSES

In-state tuition for the semester system will be determined in April of each year. For semester fee information, visit the Bursar's website (www.bursar.uga.edu) or call the Bursar's Office, (706) 542-1625. The website will be updated with semester information as it becomes available.

The current estimate cost of education for a Georgia resident is \$13,274 per academic year. This estimate includes tuition and fees, books and supplies, room and board, insurance, and personal expenses. An additional out-of-state fee assessed of all non-Georgia residents increases this estimate to \$22,292. These estimates do not include travel.

Students who hold a graduate assistantship pay tuition of \$25 per semester, payable at the beginning of each semester. This figure is based on the minimum registration for a graduate assistant of twelve hours each semester. Out-of-state tuition is waived for these graduate assistants. Students holding graduate assistantships must also pay the activity, athletic, transportation, technology and health fees.

Agencies sponsoring regularly enrolled students who receive special academic programming or administrative services are expected to pay fees in addition to those normally charged for the usual administrative services. While rates charged will be determined by contract arrangements, the scheduled fees for such services will be \$125 per semester, payable in U.S. dollars only.

All tuition charges, board, room rent, or other charges are subject to change at the end of any academic term.

The Tuition and Fee Schedules below have been taken from the UGA Bursars website at https://busfin1.busfin.uga.edu/bursar/semester_program.cfm.

Student fees are not assessed if student is ONLY enrolled in Maymester term.

Technology fees for Summer sessions are assessed per your enrollment as follows:

Enrollment	Technology Fee
Maymester	\$21
Maymester and Short Session I	\$56
Maymester and Short Session II	\$56
Short Session I	\$35
Short Session II	\$35
Thru Session	\$70
Maximum Charge for Combination of Sessions	\$70
