# Master's Applied Project Contract

This worksheet is to help you plan your Master's Applied Project. You should provide a typewritten paper or electronic copy to your advisor.

Your project should be aligned with the amount of time and effort you would put forth in a typical graduate class.

### General Information

<b>Name:</b>	<b>Semester Enrolled:</b>
<b>Contact Information:</b>	

### Contract

1. Describe the overall title and focus of the Applied Project
2. Outline the objectives or learning outcomes you hope to achieve for the project
3. Describe the activities you will engage in to achieve these objectives:
  - a. Time frame and duration of the project
  - b. Where it will take place (if applicable)
  - c. What you will do
  - d. Etc.
4. List the resources and materials (books, articles, etc) you expect to use in the pursuit of these objectives.
5. Anticipate the number of meetings you would like to have with your advisor for planning and advisement.
6. What products will you turn in as a basis for a grade?
