

Department of Mathematics and Science Education
Procedure for Post-Tenure Review

Post-tenure review of faculty members will take place in accordance with the policies and procedures outlined by the University of Georgia and the College of Education with the following addition to the process for selecting the review team:

After the pool of 10 eligible reviewers has been established and the candidate has exercised the option to eliminate up to five of these reviewers, the pool shall be split into reviewers from science education and reviewers from mathematics education. In randomly selecting the three members of the review team, the first name must be drawn from the reviewers from the candidate's program area. Then all remaining names will be combined and the two remaining names drawn from this pool. This process will ensure that each candidate for post-tenure review has at least one member of his/her discipline on the review team.
