Field Experience in Social Studies

Instructor: Dr. William Reeves
Work Phone: 706-357-5200
E-mail: drreeves@hotmail.com (Type Field Experience on the Subject Line)
Class Page: www.quia.com/pages/drreevesugamethods.html

Course Description

The Field Experience is designed to connect your work in the Methods course to the world of the classroom. Work done in the field experience will extend and enrich the work done in the methods course. The experience will require you to become familiar with a teacher and students in a high school class room. During the experience, you will observe, analyze, assess, and participate in classroom instruction.

Please note: The field experience will take place on the Clarke Central High School campus. Punctual attendance is required. All students must abide by the policies and procedures of Clarke Central High School and the Clarke County School District. Failure to comply may affect your ability to satisfactorily complete the course.

Grading System and Requirements

You will earn credit by observing classes and participating in reflective discussions based on your observations. You will also be required to prepare and carry out instructional plans as part of your field placement.
