

Minutes COE Technology Planning Meeting

Nov. 4, 2005 – 9:30 – noon

Room G-10 Aderhold

Members attending: Mike Hannafin, Sandi Glass, Jim Wilson, Julie Tallman, Phil Tomporowski, Linda DeGross, Roger Hill (telephone conference)

The Technology Planning Committee reviewed the committee charge, list of initiatives and future directions, and goal statements. The committee also discussed comments from the online survey and the COE 5-year plan. The committee addressed each objective and discussed possible ways to measure results.

Following the discussion, a draft with suggestions for format, goal statements, additional value statements and objectives was discussed by the committee. The committee reached consensus on the draft which included the following:

- **Consolidated goal statement:**
 - **The College of Education will use technology to drive innovation in education through research, instruction, and service.**
- **Two additional technology value statements:**
 - **We value the uniqueness of our programs and the development of the curriculum and technology integration required to meet program needs.**
 - **We value assessment and the opportunity to improve programs based on the data these assessments provide.**
- **Rationale Statements concerning COE and research, instruction, Technology and Infrastructure, and Service**
 - **See Technology Plan attachment and <http://www.coe.uga.edu/techplan>**
- **Objectives to meet the COE Technology Goal**
 - **See Technology Plan attachment and <http://www.coe.uga.edu/techplan>**

The Technology Planning Committee will meet in G-10 and Aderhold on Friday, Nov. 11 for final considerations to the draft. The plan will be posted on the COE Tech Plan web site. Co-Chairs Sandi Glass and Mike Hannafin will present the committee's work to Dr. Karen Watkins during the first week in December. Dr. Watkins will advise the committee as to the next phase of planning.
