

COE Technology Planning

July 15, 2005

G-10 Aderhold

Review discussion of mission, vision, values and technology philosophy

- Feedback on draft
- Discussion
 - Instruction, Research and Public Service
 - Review Univ. of Washington example
- Seek consensus
- Prepare draft for website and invite COE review

Goals, Actions, Measures

- Discuss use of COE goals as the goals for our technology plan with technology as tool for achievement and/or exceeding goal
 - Increase the Impact of our Research
 - Improve the Quality of Teaching and Learning
 - Increase Active Engagement with Constituents
 - Promote Leadership Development
- Attempt to reach consensus to prepare for development of measurable strategies to achieve goals
 - Agree on common language

Brainstorm examples of technology goals

Identify team members to take examples and begin drafting strategy statements

Set date and time for next meeting

****We have a deadline for the technology plan draft end of August. We have been asked to present this draft to the Faculty Senate (first meeting) and to the administrative/academic cabinets in September.***
