

Registration for the Torrance Test Training—Figural

**April 2-4 Holiday Inn Express

This session will train individuals to administer, score, and interpret the Torrance Tests of Creative Thinking—Figural Form A and B. Registration includes all manuals and materials; coffee, tea, soda, water breaks on Friday and Saturday, as well as boxed lunch on Saturday; and a certificate for those who successfully reach competency on the scoring.

You will be trained, have an opportunity to score two practice tests, go through the practice tests for understanding, then you will take home 4 practice tests to score on your own, returning the scores to us. You will be trained to mastery, so you may have to score several sets of tests before you can receive a certificate. We will check your accuracy in scoring on each component of the test and give you feedback. If you must score another set, you will only have to score the components that you have missed. Some people reach competency in all areas on the first trial, but this is unusual. Most people, who are motivated, reach competency by the third trial. Do not be discouraged if you have to try several times; most worthwhile endeavors do not come easily. (Our school psychology students must spend many more hours scoring IQ tests to get a certificate.) However, if you are motivated, you can learn, and we will work with you up to five trials. After that, we may have to talk about another face-to-face meeting.
