

Anne K. Bothe, Ph.D., CCC-SLP

**Curriculum Vitae
in the format prescribed by the
Office of the Vice President for Academic Affairs, The University of Georgia
February 2008**

1. Academic history

- a. Name: Anne Katherine Cordes Bothe
- b. Present rank: Associate Professor
Proportion time assignments: .187 instruction, .187 research, .375 administration
(9-month contract; equivalent to 25% instruction, 25% research, and
50% administration during the academic year)
- c. Tenure status: tenured
- d. Administrative title: Department Head
- e. Graduate Faculty status: Full Graduate Faculty, first appointed January 1997
- f. Highest earned degree: Ph.D., Speech and Hearing Sciences
Institution: University of California, Santa Barbara
Date: December 1993

- g. Academic positions, in chronological order:
 - Assistant Professor
Communication Sciences and Disorders, The University of Georgia:
1995 – 2000

 - Graduate Coordinator
Communication Sciences and Disorders (became Communication Sciences and
Special Education in 2004), The University of Georgia:
1999 – 2006

 - Associate Professor
Communication Sciences and Disorders (became Communication Sciences and
Special Education in 2004), The University of Georgia:
2000 – present

 - Interim Department Head
Communication Sciences and Special Education, The University of Georgia:
August 2006 – November 2006

 - Department Head
Communication Sciences and Special Education, The University of Georgia:
November 2006 – present

h. Other professional employment:

Post-Doctoral Researcher
Speech and Hearing Sciences Department,
University of California, Santa Barbara: 1994 - 1995

Speech-Language Pathologist
Beverly La Cumbre Rehabilitation and Nursing Center,
Santa Barbara, CA: 1994 - 1995

Associate Specialist I (Summer research appointment)
Community and Organization Research Institute, University of California,
Santa Barbara: August 1996, August 1997

i. Post-graduate awards: none

2. Resident instruction and continuing education

a. resident undergraduate instruction

CSD 310, Introduction to CSD (as co-ordinator)
Fall 1996, 70 students; Winter 1997, 70 students

CSD 310, Introduction to CSD (as instructor):
Spring 1998, 2 students

CMSD 4000, Treatment Outcome Evaluation in Speech-Language Pathology
Spring 2003, 7 students

CMSD 4090, Phonetics:
Fall 1998, 120 students

CMSD 4530, Speech Disorders:
Fall 1995, 61 students; Fall 1998, 115 students; Spring 1999, 15 students;
Summer 2000, 2 students; Spring 2001, 56 students

FRSH 1020, Does Treatment Work?
Fall 2005, 15 students

SPE 300, Survey of Special Education:
One invited lecture per quarter in Fall 1996, Spring 1997, Fall 1997, Spring 1998,
Summer 1998; approximately 150 students per class

b. resident graduate instruction

CSD 675, Voice Disorders:
Winter 1996, 7 students

CMSD 6760 (formerly CSD 676), Fluency Disorders:
Spring 1996, Summer 1996, Spring 1997, Summer 1997, Spring 1998,
Summer 1998, Fall semesters 1999 – 2005, 2007; 12-27 (on-campus) students per
class

CMSD 6600 (formerly CSD 801RD), Research Design:
Fall 1995, Winter 1996, Fall 1996, Winter 1997, Fall 1997, Winter 1998,
Spring 1999, Fall semesters 1999 - 2005; 12-37 (on-campus) students per class

CMSD 8990 / PHRM 8620, Doctoral Seminar in Research Ethics
(co-taught with Dr. D. Franic, Dept. of Clinical and Administrative Pharmacy):
Fall 2006, 8 students

CMSD 8990 / PHRM 8620, Doctoral Seminar in Patient-Reported Outcomes
(co-taught with Dr. D. Franic, Dept. of Clinical and Administrative Pharmacy):
Spring 2008, 6 students

c. distance-learning graduate instruction

CSD 676, Fluency Disorders:
Spring 1997, 25 off-campus students

CSD 801RD, Research Design:
Fall 1996, 25 off-campus students

d. instruction in continuing-education programs

None

e. academic advising

Academic advisor from Winter 1996 to present for approximately 15 master's students
per term

3. Scholarly activities

a. Publications

Per VPAA guidelines, publications that were subjected to stringent editorial review are marked with an asterisk, and invited publications are marked with a double asterisk.

Publications are listed using the name A.K. Cordes through 2000 and using the name A.K. Bothe since 2001.

1. Books authored or co-authored

None

2. Books edited or co-edited

c. Grants received

Stuttering Therapy and Neurophysiological Interaction (NIH R01-DC007893). Co-Investigator. Director at the UGA site of a subcontract to the main grant, which is administered at the University of California, Santa Barbara (R. J. Ingham, Principal Investigator). Total direct and indirect costs for three sites \$2,459,822 for 2/1/06 – 1/31/11; UGA subcontracts \$12,173 for 2/1/06 - 1/31/07, \$44,862 for 2/1/07 – 1/31/08, and to be determined for later years.

Preschool Stuttering: Measurement, Treatment, & Recovery (NIH R01-DC004838). Principal Investigator. Awarded in November 2001; total direct and indirect costs \$1,078,945 for 2/20/02 – 12/31/06 plus an approved no-cost extension year through 12/31/07.

Evidence-Based Treatment of Stuttering: Funds for a University of Georgia "State of the Art" Conference held in April, 2002, awarded in June, 2001, by the Vice President for Academic Affairs of The University of Georgia. Total funds \$11,100.

Parents' and Professionals' Judgments of Children's Stuttering. College of Education Summer Research Grant, \$3818, awarded to A.K. Cordes, February 1997.

Stuttering Treatment Efficacy: Funds for a University of Georgia "State of the Art" Conference, Vice President for Academic Affairs of The University of Georgia. Total funds \$15,268 plus two additional international airfares, awarded to A.K. Cordes in 1996 for a conference held March 20-22, 1997.

Parents' and Professionals' Judgments of Children's Stuttering. University of Georgia Research Foundation Faculty Research Grant, \$4992, awarded to A.K. Cordes, December 1996.

University of Georgia Research Foundation Support for International Travel. \$1078, awarded to A.K. Cordes, Spring 1996.

Promoting clinical competence: Incorporating technology into speech-language pathology. Connecting Teachers and Technology grant, The Regents of The University System of Georgia. \$20,008, awarded Spring, 1996, to M.A. Restrepo, Principal Investigator, with A. Cordes, J. Laughton, and M. Newhoff, Co-Investigators.

Time-Interval Investigations of Stuttering Measurement (NIH R01-00060-04, -05, -06). Co-Investigator for 1995-1998; total funds for 1994-1998 approximately \$445,000. This grant was awarded to R.J. Ingham, U.C. Santa Barbara, Principal Investigator, in 1994, and was changed in 1995 to reflect A.K. Cordes as Co-Investigator.

d. Recognitions, prizes, fellowships:

Fellow of the Institute for Behavioral Research, University of Georgia, August 2001 to present.

Selected for the Grantwriting Mentorship Program for 1999-2001 by the Institute for Behavioral Research, University of Georgia.

Selected by the Human Genome Education Model Project II, Georgetown University, as one of five members of the American Speech-Language-Hearing Association to participate in "Incorporating Genetics into Practice and Teaching: A Five-Day Core Course for Health Professional Educators," May 16-21, 1999; funding from the Ethical, Legal, and Social Implications programs of the Human Genome Project.

Department nominee for the Conference of Southern Graduate Schools Achievement Award for New Scholars, October 1997, and Finalist within the University of Georgia.

e. Research areas

My work focuses on the intersection of measurement and treatment variables for stuttering, with extensions to efforts related to treatment outcomes research for speech-language pathology more

generally. Completed and ongoing projects involve studies of judge training for the measurement of children's and adults' stuttering, studies about measuring behavioral and other variables including quality of life in stuttering, studies of children's treated and untreated recovery from stuttering, and studies of conditions related to the reduction of stuttered speech in adults.

f. Supervision of student research

1. Master's theses directed

H. Weintraub, The University of Georgia, August 1997: Single-subject design experimental investigations of mother's speech behaviors and children's stuttering.

B. Kelly, The University of Georgia, August 1997: Judgments of agreed-stuttered, agreed-disfluent, and disagreed intervals of speech by judges who do and do not stutter.

S. McGowan, The University of Georgia, June 1998: The prevalence of stuttering among schoolchildren receiving special education services.

B. Nelson, The University of Georgia, August 1998: Modifying stuttering in schoolage children by modifying intervals of phonation.

M. O'Brien, The University of Georgia, December 1998: The effect on stuttering of varying the intensity of a chorus reading accompanist.

K. Starnes, The University of Georgia, December 2000: Direct and indirect treatments for preschool children who stutter.

K. Redding, The University of Georgia, December 2000: Children's self-judgments of stuttering.

H. Smith Taylor, The University of Georgia, August 2001: Effects of visual choral speech on stuttering frequency in adults.

J. Davidow, The University of Georgia, December 2002: Measurement of phonated intervals during four fluency-inducing conditions.

S. Harris Thom, The University of Georgia: Prospectus approved by committee and data collection in progress.

2. Doctoral dissertations directed

J. Davidow, The University of Georgia, Ph.D. awarded Summer 2007: *A systematic investigation of the effect of rhythmic speech in stuttering.*

R. Bramlett, The University of Georgia, 2002-present: Completed comprehensive examinations; working on dissertation prospectus

J. Richardson, The University of Georgia, 2006-present: Completed comprehensive examinations; working on dissertation prospectus

3. Selected other student research

T. Ford & M. Terry (2000). Stereotypes of speech disorders: Comparisons of disorders and survey formats. Student project presented at University of Georgia CURO (Center for Undergraduate Research Opportunities) Symposium, Spring 2000, and at Annual Convention of the American Speech-Language-Hearing Association, November 2000.

Committee member for master's thesis of J. Evans, St. Cloud State University, and supplied stimuli for that research, which replicated one of my publications; degree awarded December 1999.

Committee member for 11 master's thesis students and 3 doctoral students in CSD, and 1 doctoral student in Special Education, at the University of Georgia, 1996 - present

CSD 899 / CMSD 9000, Independent Study for Doctoral Students (other than those for whom I serve as major professor): Directed reading/research in research design, treatment research, treatment outcomes, and/or stuttering

g. Editorship or editorial board member of journals or other learned publications

1. Editorship

Associate Editor for Fluency and Fluency Disorders, *American Journal of Speech-Language Pathology*, 2002-2004

2. Editorial consultant or routine reviewer

Journal of Speech, Language, and Hearing Research: 1995 - present

American Journal of Speech-Language Pathology: 1996 – 2001, 2005 - present

Journal of Fluency Disorders: 1997 - present

3. Invited ad hoc reviewer

Journal of Communication Disorders; *Advances in Speech-Language Pathology* [Australian journal]; *Language, Speech, and Hearing Services in Schools*; Allyn & Bacon Publishers; Singular Press; Lawrence Erlbaum Associates; Pearson Education; Louisiana Board of Regents; American Speech and Hearing Foundation New Investigators' Research Awards; *Journal of the American Board of Family Medicine*

h. Convention papers

Per VPAA guidelines, presentations that have a published counterpart are marked with an asterisk.

None of these papers meet the VPAA guidelines for being "especially invited [i.e., keynote papers]."
